to me

Town Board June 9, 2025

Brief update on 250th celebration in 2026. No definite plans have taken place in the county that I am aware of other than previously mentioned floats in the 2026 Hudson Flag Day parade and local cemetery work clean up and stone cleaning.

The solution for gravestone cleaning is quite pricy in a quantity from what I am told ,

MaryAnn Proper Barto, who by the way, has another book published, has agreed and is excited to ride on the float which will have a basket/250th years ago times in Taghkanic theme which seems appropriate. We will need a wagon/trailer of some type and a pick up (or tractor) to pull it..possibly a town truck (?) As 2026 gets closer (Parade usually the 2nd Sat. in June) perhaps a call would go out to folks who have any old items to put on the float along with baskets. Folks who might like to be on or walk along the float should have dress of the time period if possible. As Taghkanic Fire Co always participates in this parade, we would ask the flag day committee to place the float behind TFC.

Given this is all far down the road, a lot could change, but at the moment that looks like what folks would like to see happen.

Stay tuned.

Nancy G.
