Hi Cheryl.
Linda suggested that I send this to you so that it could be added to the correspondence and discussed at the next Town Board meeting.
Thank you in advance.

Subject: Roe Jan Park funding

Good morning All
Waking up to another snowy Sunday makes me think it's time for Spring and outdoor farmers markets. I want to see green!!!
A lot of our townspeople and fur babies use this park and all it offers.
Any chance that:
1. The Town could make a small donation?
2. This blurb could be posted in The TGazette?
Thanks
Meridith Glabman
Thanks for you consideration

Give Where You Live!

Want to help keep the Roe Jan Park, a vital 300 acre protected green outdoor space, in the best shape?

We know that many of us enjoy the Roe Jan Park by walking on the trails, sharing some stunning views, picnicking at various sites, shopping at the seasonal farmers market, listening to a concert in a converted barn, sending a child to its summer camp, snowshoeing, dog walking and participating in other forms of recreation. We also know that while it is a wonderful asset for our community, it requires our support to keep it in its best shape.

It is currently important to raise funds to match a significant grant from HRBT Foundation. The funds raised will go toward repairs and upgrades to the park's infrastructure, including building roofs and furnaces that are used for community and other events. We hope donations from residents will help us to meet this challenge.

The Town created the HECDC, a 501(c)3, nonprofit organization, with the mission to support Hillsdale-based initiatives that enhance our quality of life and promote the Town's economic development.

To make a donation to support the Roe Jan Park follow this link: [Support Our Projects](#)

All donations to HECDC projects are tax deductible.
