Dear Friend,

Catskill Castings and it's predecessor, The Walton Foundry, have been manufacturing quality roadside Historical Markers since the 1920's. Marker size is approximately 3' wide and 2' tall; ½" thick through the body with 1" metal thickness at the border and is made of cast aluminum. The base of the Marker is cored to accept a 2-½" ID x 7' long mounting pole set 3' in ground; 4' above ground. The base of the Marker slides over the end of the pole and is fastened in place with 2 socket screws.

These Markers are often used to distinguish historic sites, people/places of prominence, and have also been erected as welcome signs near the entrance to towns, villages, or hamlets. Enclosed is our Historical Marker informational packet that contains all the information needed to consider the purchase of these markers. These details can also be found on our website at **www.catskillcastings.com**. Please feel free to share this information with your local historians.

Catskill Castings also manufactures bronze plaques, architectural and antique iron castings, boiler parts, and industrial castings in bronze, aluminum and iron. Please contact us at **1-800-214-9572** for information.

We hope you will consider us for all of your casting needs and look forward to doing business with you.

Cordially,

George E. Haynes, Jr.

Taghkanic Town Board,

This letter is being written to request that the Taghkanic Town Board revisits Town of Taghkanic Local Law #3 of 2024, the Short-Term Rental Law.

It has come to the attention of this office that the 2024 Short Term Rental law does not address how many buildings (residents) located on one parcel can be rented out as a Short-Term Rental.

If there are more than one of these buildings on the property then each of these buildings would need to be occupied by the owners for 60 days according to the current Law. With verifying that the owners are actually occupying the building, except for their sworn statement that they are, it is impossible to prove. The Law has no mechanism in place to verify this information.

It is the recommendation of this office that any parcel with two or more residences not be eligible to rent out any other building other than the primary residence.

Please advise this office on how to proceed.

Thank you for your attention in this matter.

Sincerely,

Dennis Callahan

RE: Bell Atlantic Mobile Systems LLC d/b/a Verizon Wireless Application for Special Use Permit/Site Plan Approval – 1115 State Route 82

Dear Chairman Romaine:

During its August 24, 2026 meeting, the Zoning Board of Appeals decided it would require a balloon test in connection with the referenced application. Please be advised that Verizon Wireless has scheduled a balloon test for Saturday, September 26, 2026. Enclosed is a copy of the balloon test notice that will be published in the official newspaper on September 12 and September 19 pursuant to Local Law No. 6 of Year 2002, Section J (2).

The balloon will be flown for eight (8) consecutive hours, beginning in the morning at approximately 8:30 am, weather permitting. If the weather is poor, the "rain date" will be Monday, September 28, 2026 or the next available good weather day.

Should you have any questions, please do not hesitate to contact us.

Very truly yours,

TOWN OF TAGHKANIC ZONING BOARD OF APPEALS

PUBLIC NOTICE OF VISUAL IMPACT ASSSESSMENT (BALLOON TEST)
PROPSED CELL TOWER

PUBLIC NOTICE is hereby given that Bell Atlantic Mobile Systems LLC d/b/a Verizon Wireless (the "Applicant") has filed an application with the Town of Taghkanic Zoning Board of Appeals requesting approval to construct, operate and maintain a public utility / personal wireless service facility (cell tower) located on a portion of lands located at 1115 Route 82 in the Town of Taghkanic, Columbia County, New York (Tax Map Parcel No. 172.-2-39) ("Site"). The proposed facility includes a 150-ft monopole tower structure (154 ft. with lightning rod), antennas, and related equipment at grade.

PUBLIC NOTICE is further hereby given that the Applicant will conduct a visual impact assessment "balloon test" at the Site on Saturday, September 26, 2026 – weather permitting, as directed by the Zoning Board of Appeals, for a minimum of eight (8) hours between the approximate hours of 8:00 a.m. and 5:00 p.m. In the event of poor weather conditions or other factors that require a rescheduling of this test, the alternative test date will be Monday, September 28, 2026 or the next available good weather day, exclusive of Sundays.

Any questions on this matter may be directed to Scott Olson, the Applicant's attorney at 518-527-6813.
